I think Amelia may be out for lunch. Can you send me the latest Gilt Edge evaluation and I'll review it? I'll also talk to Amelia this afternoon but this way I can get a head start.

Maybe nothing needs to be changed – if the rationales are consistent we are good. I would rather make sure now rather slow down the routing.

I left her a message. I need direction to what needs to be changed and will get you something later today. I misunderstood and thought the previous review meant it was approved because nothing changed but I need to talk to Amelia to know what I need to correct.

Laurianne, I did not sign off on a final 10 point a year ago. I did review your draft. Now that we are finalizing both settlements, it is important that the 10 points be consistent as to the rationale. Can you coordinate with Amelia? I gave her comments last week on the Gilt Edge 10 point. Thanks.

Andrea

My 10 point was approved by you last fall and I provided it to Amelia for her preparation of the Gilt Edge. I am not sure what is needed. Can you or Amelia please call my cell if something is needed today.
Yes, we have the state's signature page.

It is important that both 10 points are consist as to ATP analysis. Can you and Amelia coordinate?
Do we have the states' signature pages?

Hi all

Amelia, have you started routing the consent decrees? I think Andrea is gone next week and I wanted to remind you all that the current tolling agreement expires on 4/15. If possible, I would like to have the executed CD to DOJ early next week. Thanks in advance and my apologies for not checking in earlier (the tolling period just occurred to me today).
